EXUMA

RESEARCH AND STATISTICS DEPARTMENT BAHAMAS MINISTRY OF TOURISM 2013

The island of Exuma is not just one island. It is really a chain of over 360 islands and cays with sandbars, flats, pristine beaches, aquamarine water, and land and sea parks. The islands of Exuma are a 120 mile long chain of breath taking beauty. Exuma is also called the Exumas because of its many islands and cays. The Exumas boasts some of the most beautiful beaches in the world.

The beaches in Exuma are so renowned for their beauty that the filmmakers of the movie Pirates of the Caribbean chose the destination to film parts of the very popular movie sequels there. Some of the best beaches in the world are on Stocking Island. The Exumas are known for the shifting sandbars that have been featured in Ministry of Tourism Advertising as well as in movies.

Exuma is also home to the Thunderball Grotto which is a spectacular underwater cave system located on Staniel Cay that was featured in the James Bond Movies "Thunderball" and "Never Say Never" and Ron Howard's movie "Splash."¹

Exuma is home to the Exuma Cays Land and Sea Park. It is also home to the native iguanas which look like very big dragon lizards. On the main island, there are beautiful cliffs and vistas all along the pristine coastline. The Exumas are known to be great for snorkeling, boating/sailing and kayaking. Visitors to the island also have the opportunity to go golfing, bone-fishing, diving and deep sea fishing.
