THE ISLANDS OF THE BAHAMAS

DIRECTORY OF HOTELS – 2022

HOTEL DEFINITIONS:

HOTEL TYPE	DEFINITION: Taken from various sources and adopted by the Hotel Licensing Department
 HOTEL	According to the Hotel Act of 1970, a "hotel" means any building (however described), or, in the case of a group of buildings (however described) enjoying common ancillary services, any number of such buildings, in which accommodation is provided for reward for guests by a common management
 ALL-INCLUSIVES	All-Inclusive Hotels where meals, soft drinks, gratuities, and possibly other services are included in the price. Some All-Inclusive Hotels are designed for specific vacation interests. For example, certain hotels cater to adults, while even more specialized properties accept couples only. Other all-inclusive properties are geared toward families, with facilities like craft centers, game rooms and water parks. Hotels/Resorts are also very popular locations for destination weddings.
 APARTMENT/HOTELS	Apartment Hotels are buildings containing both apartments with self-catering facilities and individual hotel guestrooms under common ownership and management.
 BED & BREAKFASTS	Bed and Breakfasts or (B&B's) are small establishments that offer overnight accommodation and a complimentary breakfast. Other meals may be available but at an additional cost to guests.
 BOUTIQUE HOTELS	Boutique Hotels will generally have fewer than 100 guest rooms. It is a small hotel that is distinguished from others by its trendy and stylish design and décor; (also called "lifestyle" or "design" properties). Boutique Hotels are known for their ambiance and personalized service.
 CONDO HOTELS	Condo Hotels , also known as hotel-condos or Condotel s, are buildings used as both a condominium and a hotel. These hotels have condominium units which allow individuals/companies to own a full-service vacation home. When the home is not in use by an owner, the hotel's marketing and management can be leveraged for rentals and to provide a return on investment. Condo hotel rooms must be included in the hotel room inventory for a minimum of nine (9) months of each year.
 DIVE LODGES	Dive Lodges offer scheduled diving and snorkeling activities – night dives, shark dives, and one-on-one Specialty Dives. Additionally, some offer SCUBA Certification, Nitrox Certification, SASY equipment for kids, and introductory SCUBA lessons.
 ECO LODGES/HOTELS	Eco Lodges/Hotels are accommodations that have been designed or have made important environmental improvements to their structures, to minimize impacts on the environment. These types of properties are environmentally responsible lodgings that follow the practices of green living. Today's eco hotels also include properties in less "natural" locations that have invested in improving their "green" credentials.
 FISHING LODGES	Fishing Lodges are typically all-inclusive properties offering 'fly fishing' (bonefishing) packages, a type of recreational and environmentally sustainable fishing where the concept of 'catch and release', used to minimize the human footprint and conserve marine life, is widely practiced by guides who are contracted by the operator. The lodges can vary in style and décor from rustic, outposts to elegantly outfitted fishing clubs.
 RESORT HOTELS	Resort Hotels are full-service properties that offer a range of amenities and recreation facilities. Resorts serve as the primary provider of the guests' experience, often offering services for business or meetings, and are characteristically located in vacation-oriented settings.
 TIME SHARE /HOTELS	Timeshares/Hotels are properties with a particular form of ownership and user rights. These properties are typically condominium style units, comprising no less than 50 units in New Providence or Paradise Island and no less than 25 units in the Family Islands, in which multiple parties hold rights to use the property. Each purchaser holds a registered interest by way of leasehold and is allotted a period of time (not exceeding six months in any given year) in which to use the property. Timeshares located in hotel environments are dubbed Timeshare /Hotels and are dual purpose facilities which enable purchasers to avail themselves of amenities within the hotel and the hotel operator to expand inventory through rental of time-sharing rooms during periods of peak demand.
SMALL HOTEL: LARGE HOTEL:	Four to ninety-nine (4 – 99) Rooms – All hotel types can fall into this category One hundred (100) Rooms and more – Typically Resorts and Condominiums
